WE STAND OUT IN THE INDUSTRY

For almost four decades, Clear Choice Headsets and Technology has been the premier provider of a wide variety of compliant headsets, conferencing products, and accessories.

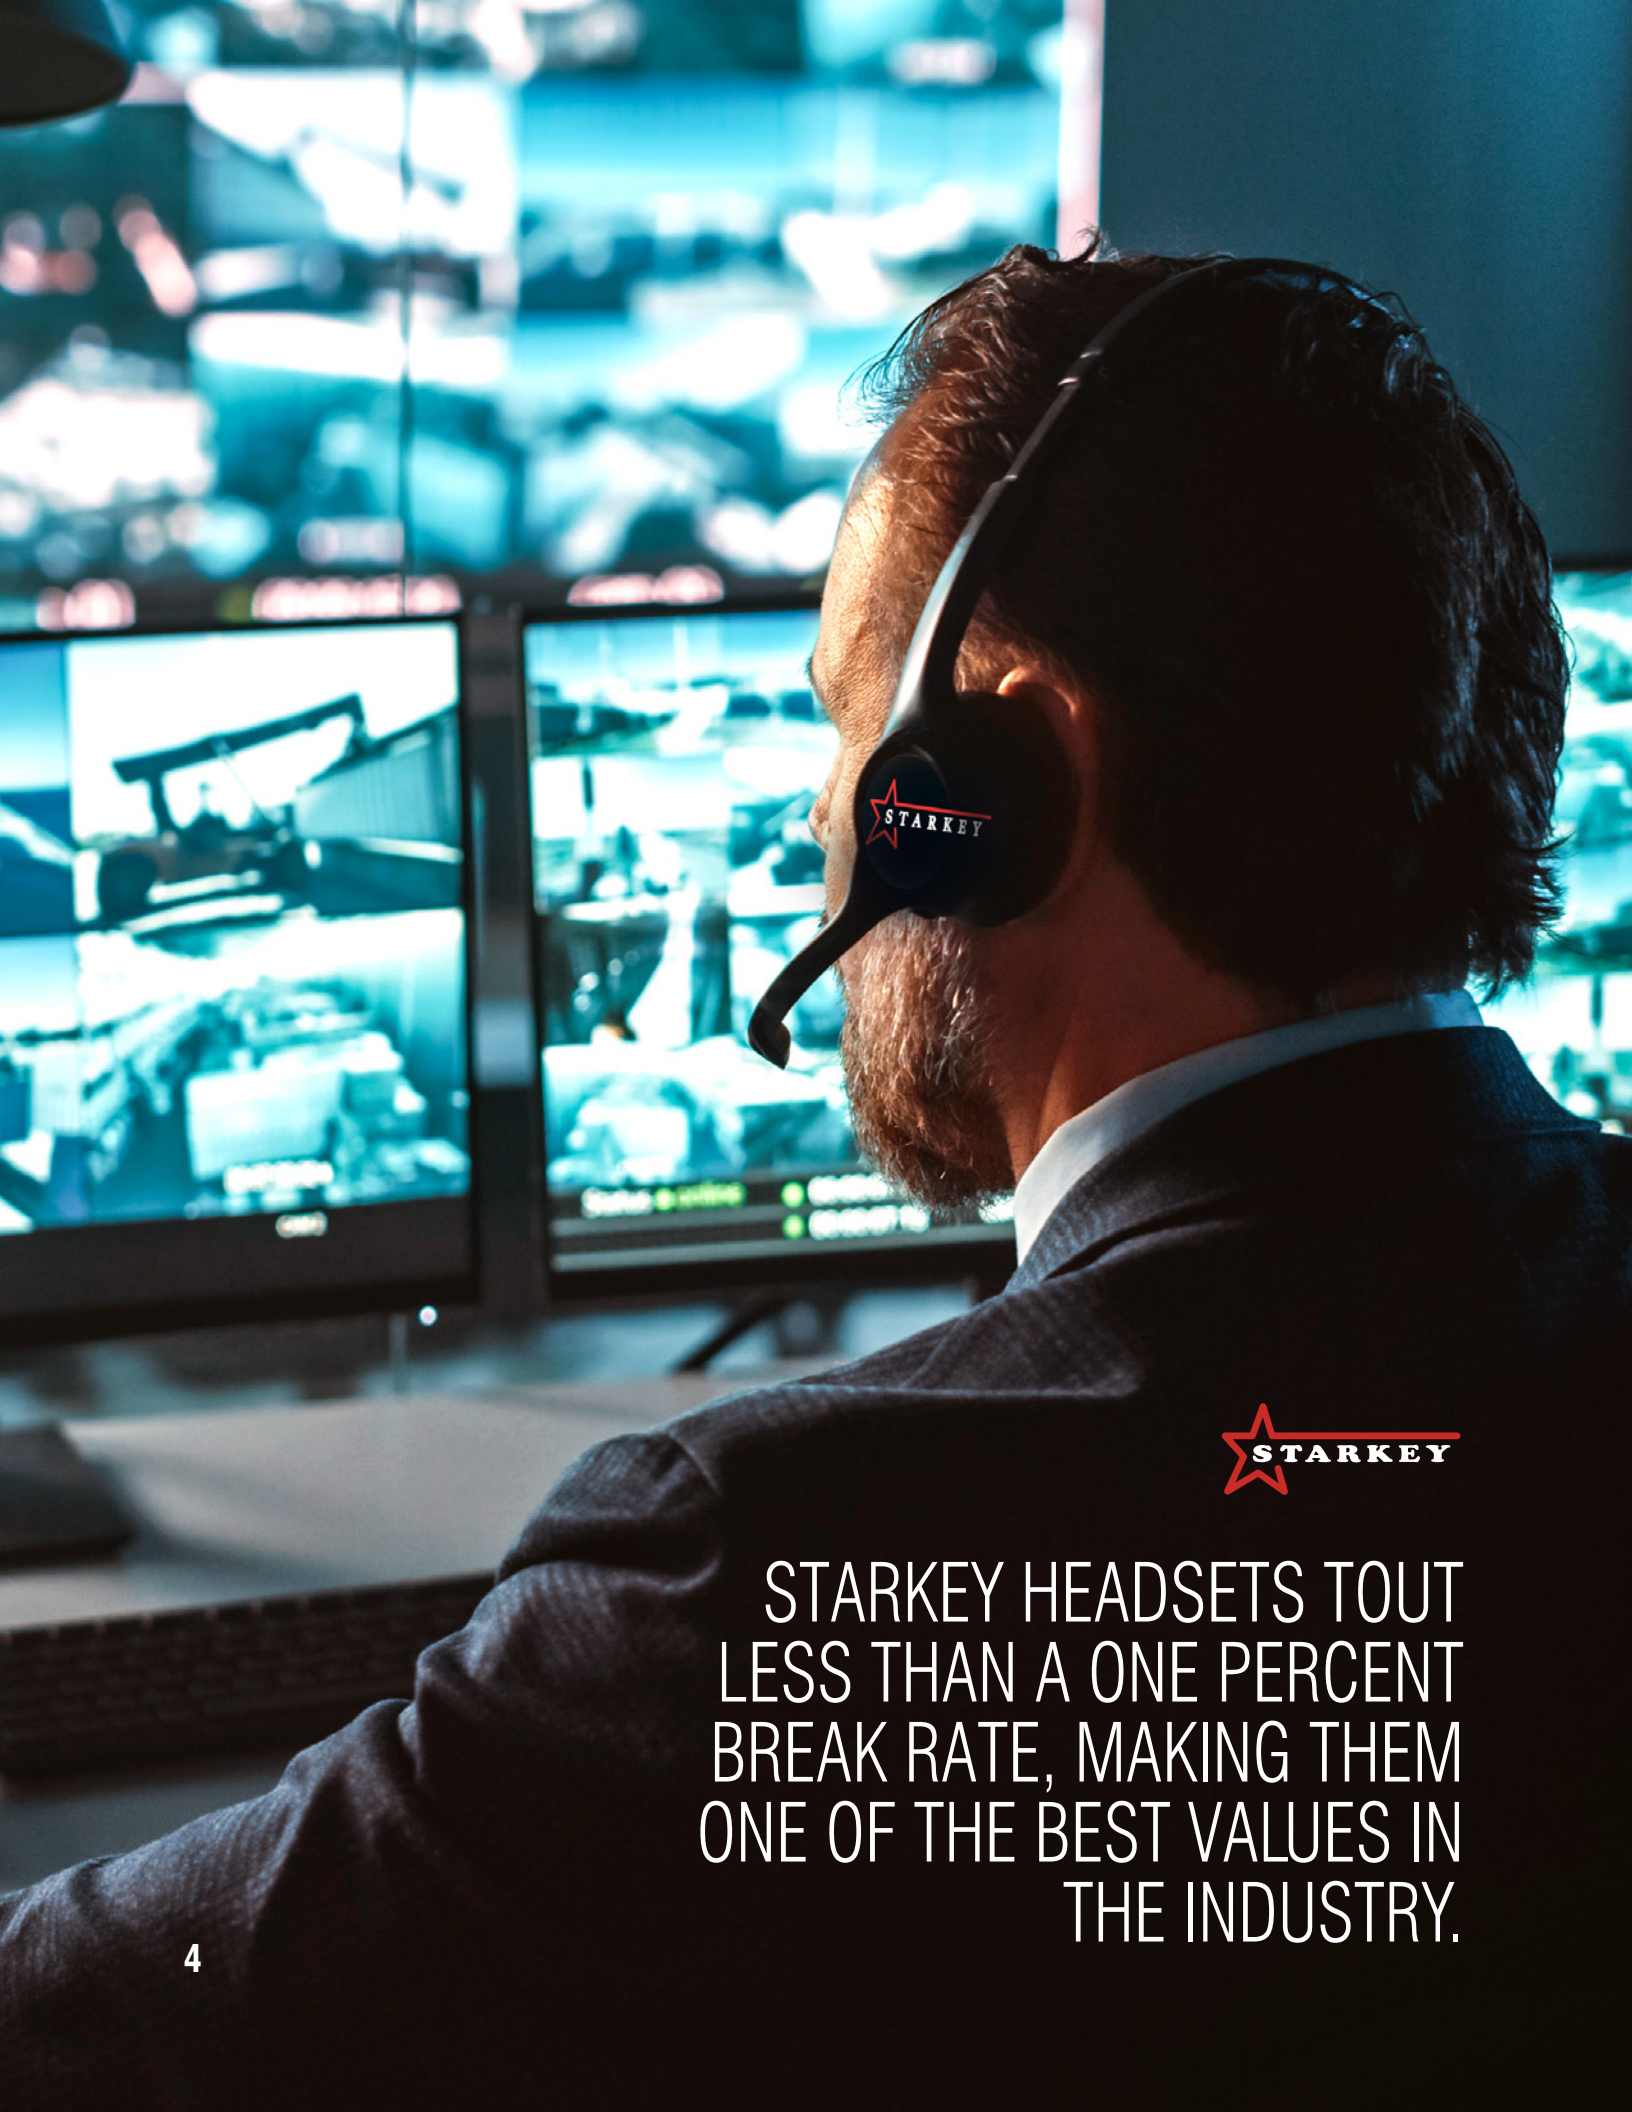

In addition, we are the sole distributor of Starkey headsets. Starkey headsets are the most durable in the industry, with a reliability rate over 99.96%, making them the perfect solution for the military, first responders, 911 emergency services markets, and all call centers.

Their origins are from a hearing aid company and therefore, understand the importance of ear health. They produce quality headsets that are comfortable, reliable, and built with the health of the inner ear in mind.

THE INDUSTRY.

PUBLIC SAFETY

HEADSETS FOR THE CRITICAL DEMANDS OF FIRST RESPONDERS AND 911 EMERGENCY COMMUNICATION

Starkey engineers and manufactures headsets used by police, fire, and emergency center dispatchers globally. Their engineering team collaborates with our clients to design products based on their feedback. Users experience crystal clear communications all day, a comfortable form and fit, and less ear fatigue. Starkey headsets are built with the health of the inner ear in mind. All cords are PL compatible. Starkey's durable headsets specifically engineered for critical communications professionals not only help to make their work environment better, but they also help to make the world safer for everyone.

For additional solutions including accessories, please contact us at 847.298.8100 or visit clearchoiceheadsets.com.

MILITARY

MADE TO MEET STRINGENT MILITARY GUIDELINES

For almost four decades, Starkey has engineered and manufactured technologically advanced military headsets. **They are TAA and NDAA 889 compliant, and in full compliance with the Memorandum on Collaboration Peripherals in Secure Spaces.** Starkey's PTT feature meets the most stringent government compliance protocols and can be used for secure and inline call control for non-secure spaces.

Starkey headsets are available in one-two ears, and cords are available for all connection types. Starkey's in-house engineers and product development teams, can bring almost any new product /feature from R&D to the marketplace within six months.

A close-up photograph of a woman with brown hair, wearing black-rimmed glasses and a black headset with a microphone. She is smiling broadly, showing her teeth. She is wearing a light pink top under a grey blazer. Her right hand is resting near her chin, and she has a ring on her finger. The background is a blurred office setting with a window and some office equipment.

LEADING-EDGE CONFERENCE
SOLUTIONS FOR EVER
CHANGING BUSINESS NEEDS.

CONFERENCE SOLUTIONS

BE HEARD AND SEEN NO MATTER YOUR LOCATION

In today's world of working from anywhere, it is critical to have the proper equipment to ensure meetings are effective and efficient. Conference solutions can help you accomplish these goals with their crystal-clear sound, exceptional optics, small footprints, and microphones that can detect voices from greater distances. At Clear Choice Headsets, we only carry solutions from the industry's leading manufacturers, such as Jabra and Poly/HP, which offer these capabilities and more. With over 30 years of experience, our team has the knowledge and technical expertise to help ensure the right conference solution is used for ever-changing business needs.

For additional solutions including accessories, please contact us at 847.298.8100 or visit clearchoiceheadsets.com.

Jabra PanaCast

Leading-edge video conference solution that enables 180-degree view for the complete picture. With intelligent zoom, it zooms in whenever people are present, making the most of the space on your screen.

Jabra Speak2 Speakerphone Series

Portable speakerphone with powerful sound thanks to four leading-edge beam forming microphones, perfect for working anywhere. Jabra Speak2 40 speakerphone shown here.

Poly Studio P15

A commercial grade all-in-one 4K video conferencing bar that offers ultra HD (4K 16:9, 2160p) with a 90° display field of view, auto-framing, and electronic zoom up to 4x.

Poly Sync Speakerphone Series

Slim and portable Poly Bluetooth/USB speakerphone allows you to work anywhere. Poly Sync 20 speakerphone shown here.

OUR BUSINESS
PHILOSOPHY
IS TO PROVIDE
THE VERY BEST
CUSTOMER
EXPERIENCE
POSSIBLE.

SANITIZE, REFURBISH, AND REPAIR SERVICES

At Clear Choice Headsets, we pride ourselves on providing excellent customer support by trained professionals during the pre-sale as well as post-sale process. Never deal with a chat bot or be directed to a community forum for answers to your questions. You will always speak with a live person as your single point of contact.

Our professionally trained customer support staff can take care of all your business needs. Instead of discarding your headset, we can sanitize, refurbish, and package it up like new. Even if your product is out of warranty, we still provide timely, and factory trained repair services. If you are in the market for a new headset, ask us about our trade-in program. You will receive credit towards your next purchase, and we will ensure it is recycled in a responsible manner, helping the environment and your bank account.
